

eFundi

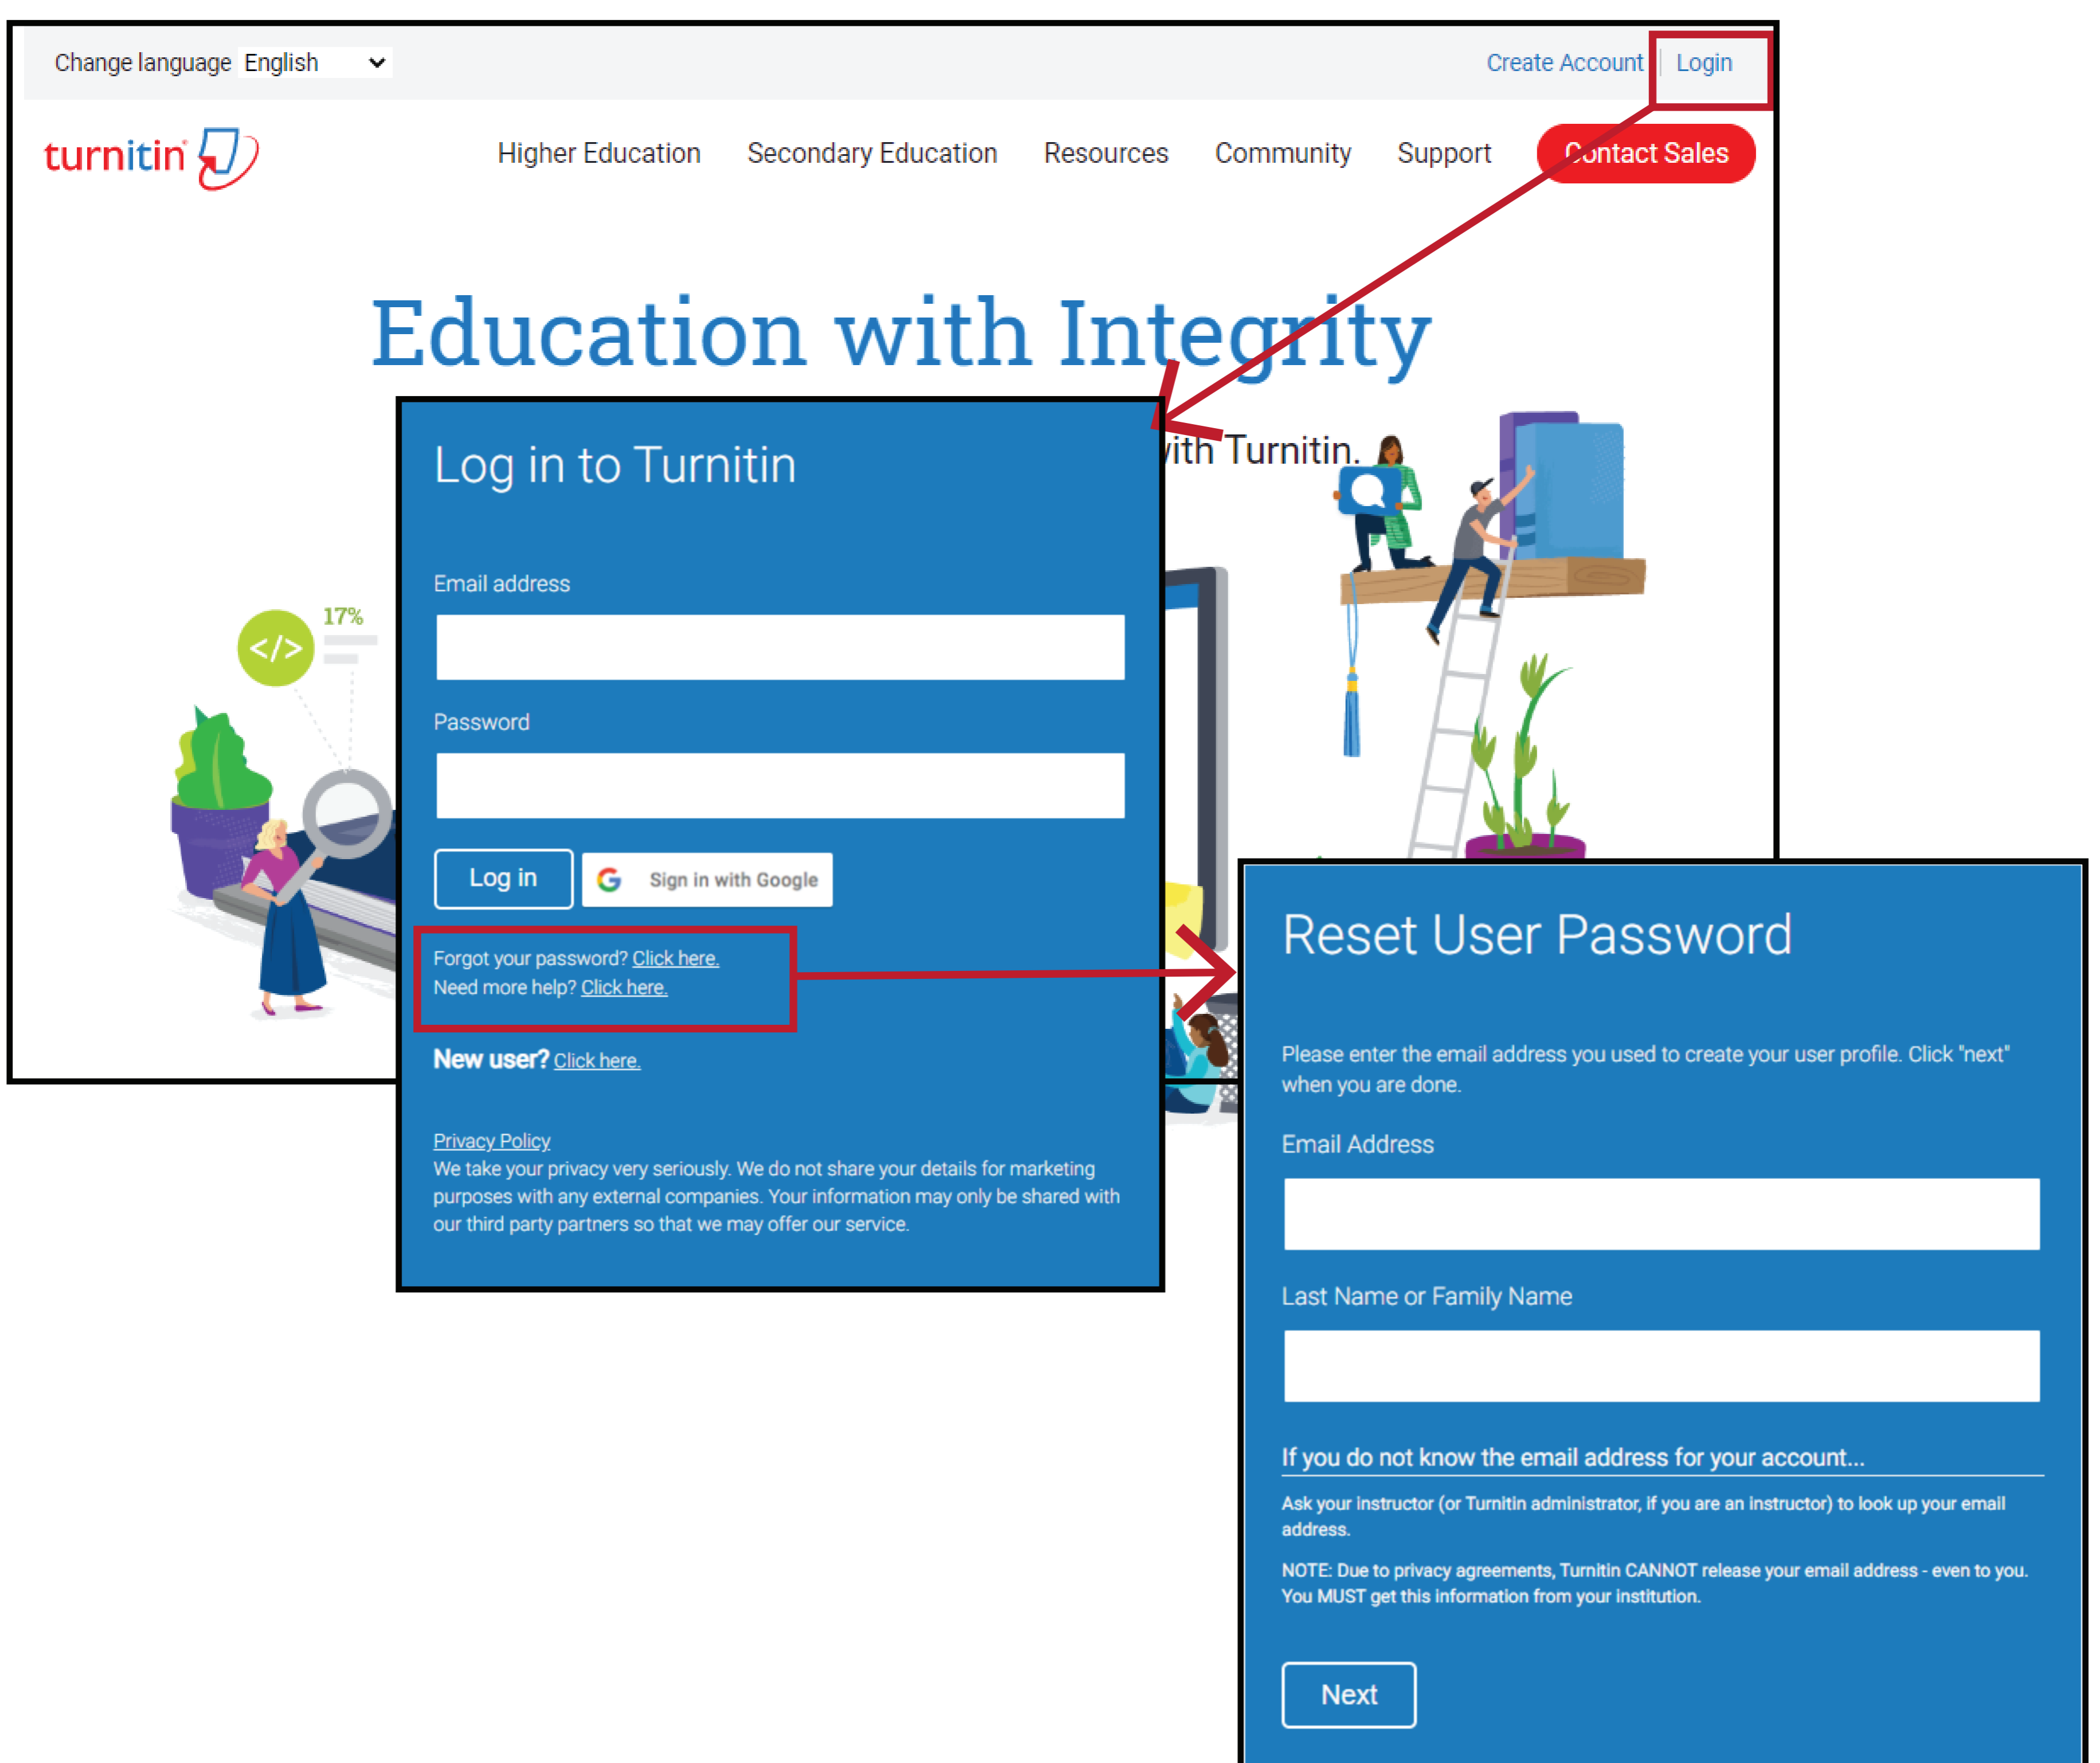

Access students' Turnitin report from the Turnitin Website

Turnitin does not check for plagiarism in a piece of work. Instead, it will check a student's work for instances of similarity with other works within the Turnitin databases.

A lecturer can access these reports within eFundi or in the Turnitin website. Follow the steps below to get access to reports in Turnitin.com

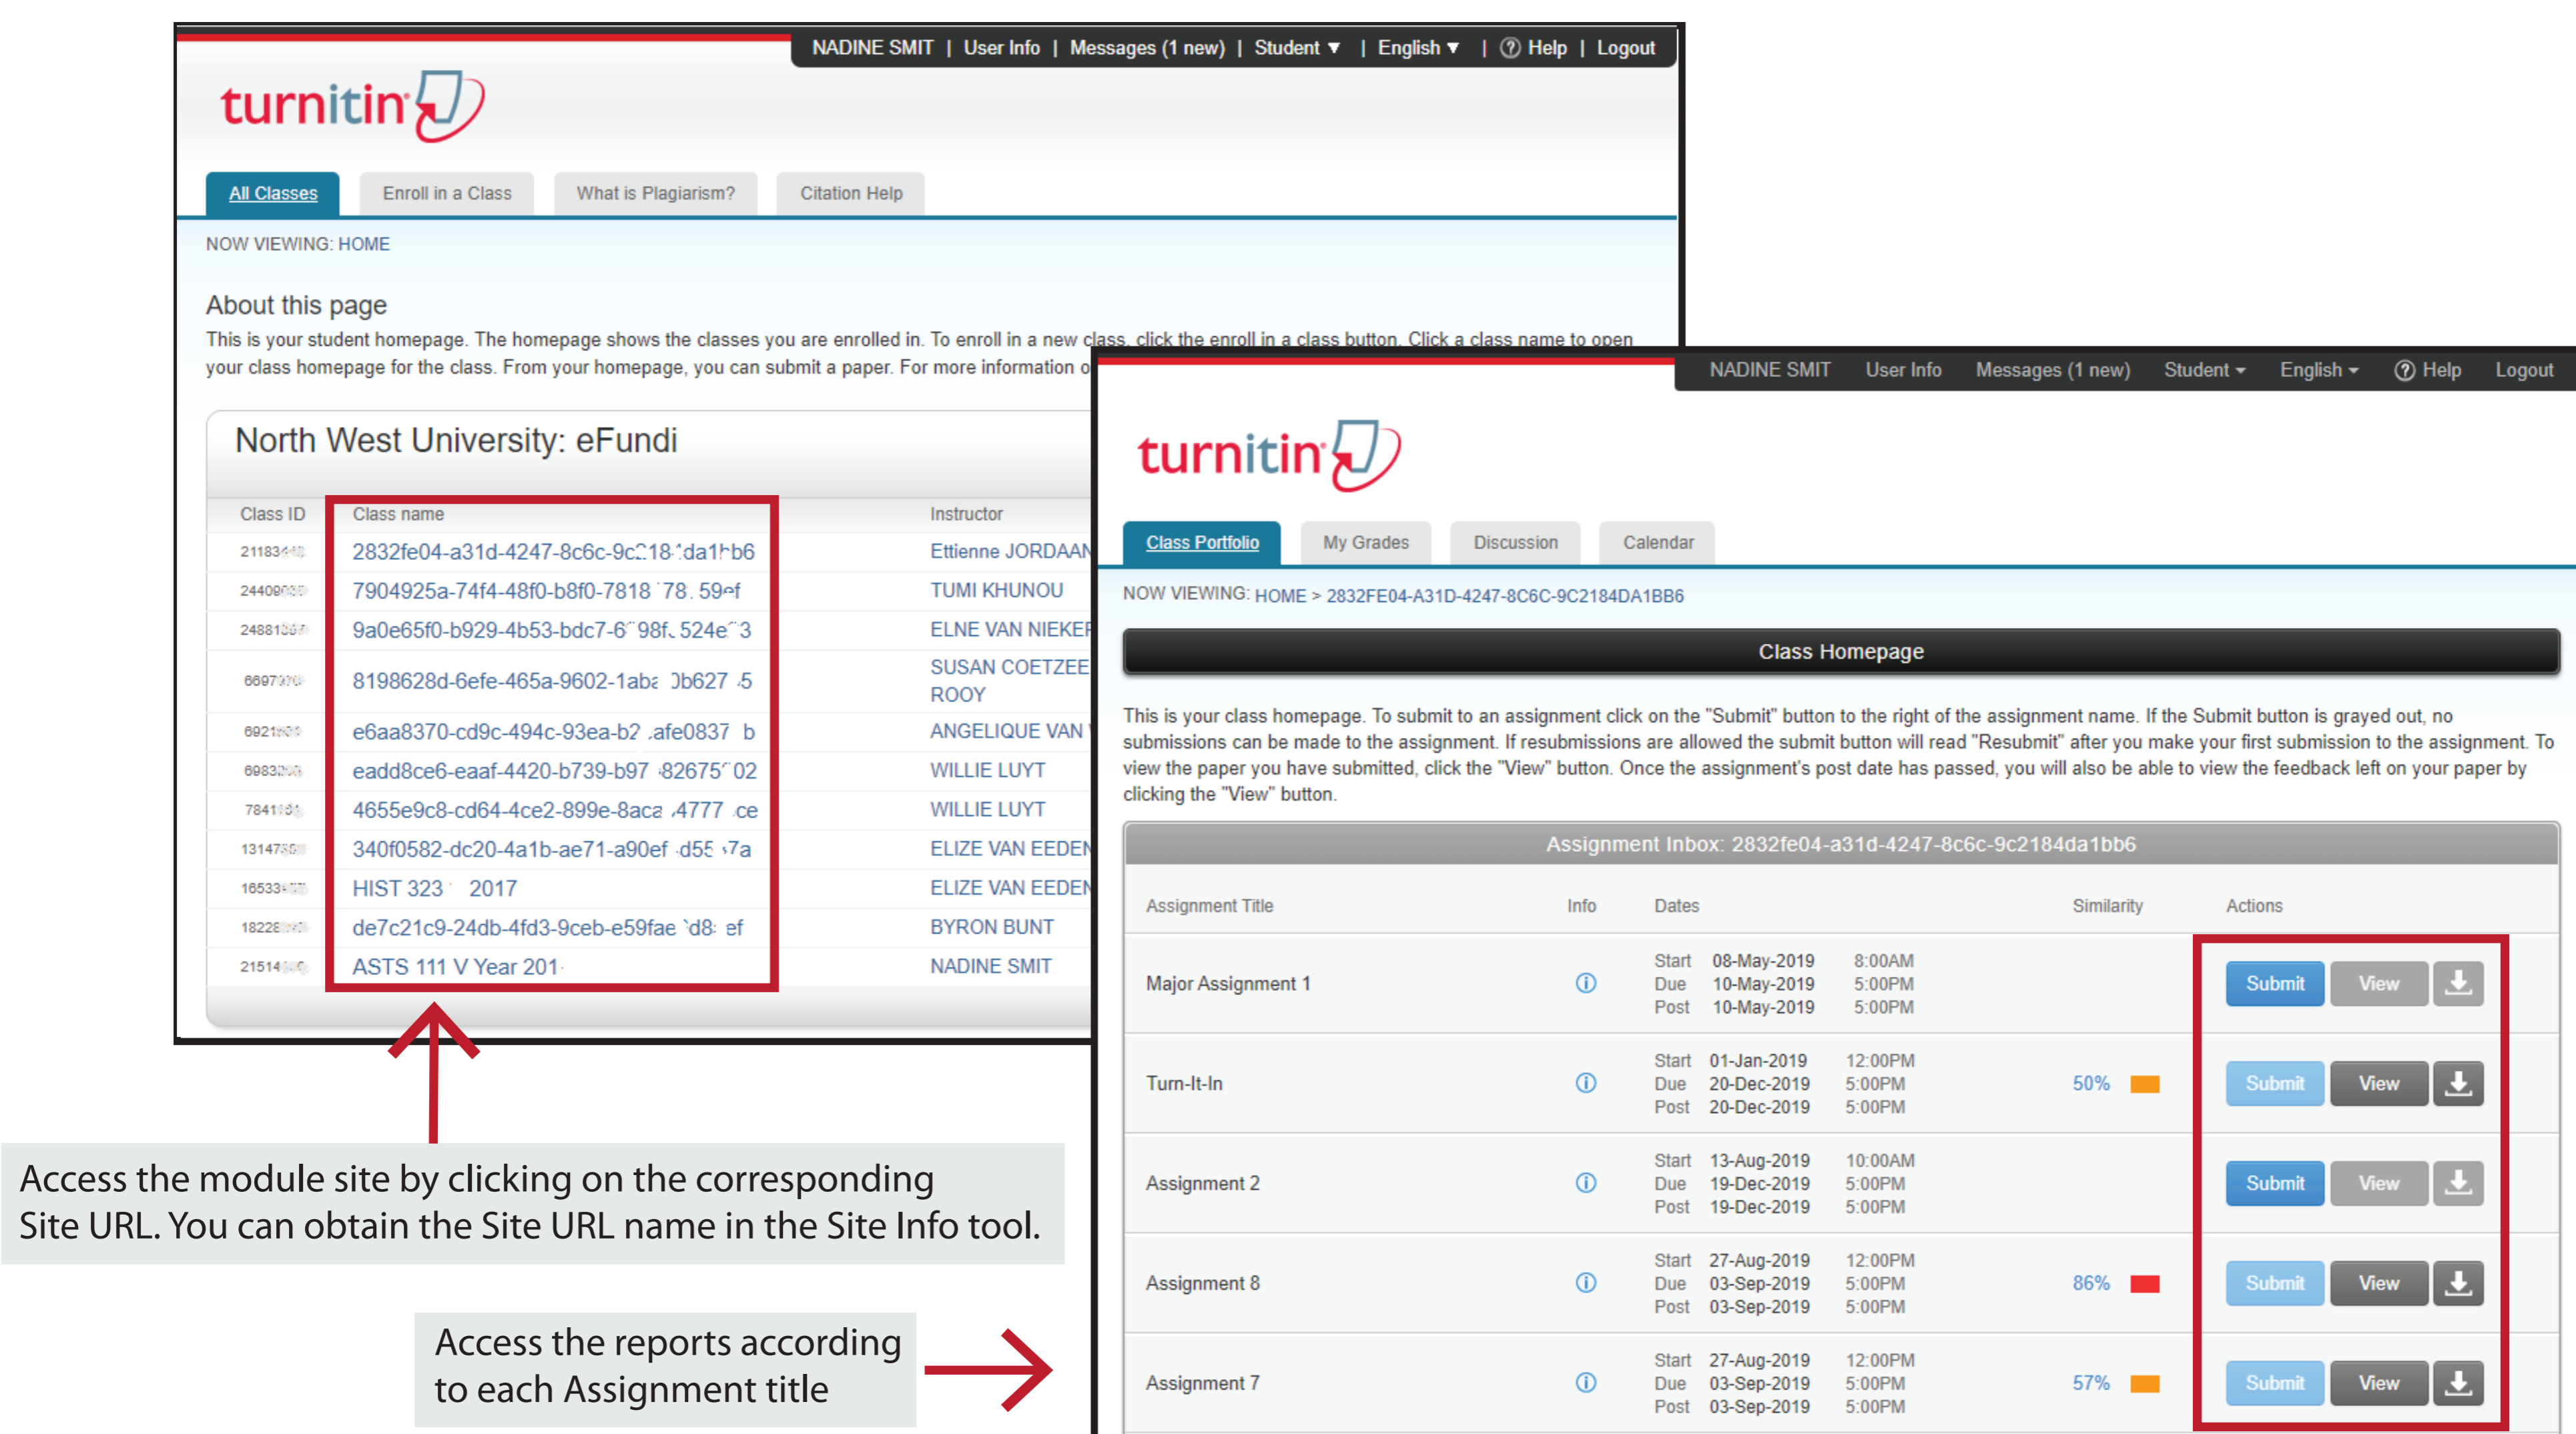

1 Log in to Turnitin.com

Be sure to make use of your staff GroupWise email, or that which is captured on your eFundi. If you struggle to remember your password, simply click on forgot password to have it reset. If you are a first time user of Turnitin, please go directly to the Forgot Password option.

The screenshot shows the Turnitin.com website. At the top right, there are links for 'Create Account' and 'Login'. The main heading is 'Education with Integrity'. A large blue box in the center is titled 'Log in to Turnitin' and contains fields for 'Email address' and 'Password', along with a 'Log in' button and a 'Sign in with Google' button. Below these fields are links for 'Forgot your password? Click here.', 'Need more help? Click here.', and 'New user? Click here.'. A 'Privacy Policy' link is also present. To the right, a 'Reset User Password' form is shown, with a 'Next' button at the bottom. Red arrows indicate the flow from the 'Login' button to the 'Forgot your password?' link and then to the 'Reset User Password' form.

2 Locate your Module site and Assignment title

The screenshot shows the Turnitin.com interface. At the top, there is a user profile for 'NADINE SMIT' with links for 'User Info', 'Messages (1 new)', 'Student', 'English', 'Help', and 'Logout'. Below this, there are tabs for 'All Classes', 'Enroll in a Class', 'What is Plagiarism?', and 'Citation Help'. The main content area is titled 'NOW VIEWING: HOME' and 'About this page'. A table lists classes for 'North West University: eFundi'. One class is highlighted with a red box: 'ASTS 111 V Year 201'. Below the table, there is a 'Class Homepage' section. The 'Assignment Inbox' is shown, listing several assignments. The 'Major Assignment 1' is highlighted with a red box, and its 'Submit' and 'View' buttons are also highlighted. Red arrows point from the highlighted class in the table to the 'Class Homepage' and from the highlighted assignment to the 'Submit' and 'View' buttons.

Access the module site by clicking on the corresponding Site URL. You can obtain the Site URL name in the Site Info tool.

Access the reports according to each Assignment title
