

eFundi Tutorial: Test & Quizzes

What is the Tests & Quizzes Event Log

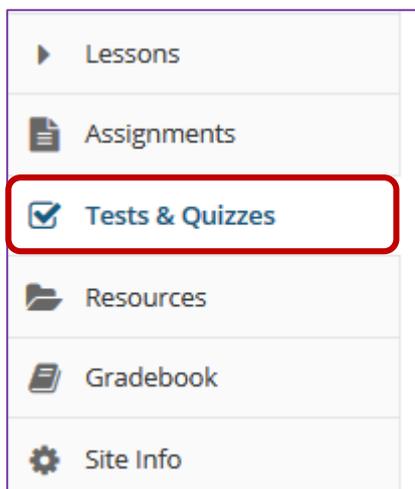

The Event Log shows certain student activities for all Tests & Quizzes in the site. It is created and maintained automatically.

Events recorded include (for each participant), entry to the assessment (date and time), submission of the assessment (date and time), duration of the student session in minutes, errors (if any) detected by the T&Q system, and IP address of the submitter.

Note: *There must be existing student submissions in order for data to appear in the event log.*

Step 1: Go to Tests & Quizzes

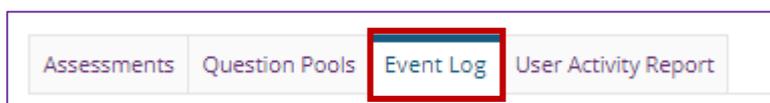

Select the **Tests & Quizzes** tool from the Tool Menu of your course site.

If this tool is not visible on the left, it still needs to be added by the site Instructor.

For steps in adding a tool to your eFundi site access the tutorial on *How to add/remove tools on a site* from the [Support tutorial site](#)

Step 2: Click Event Log
