Blended Learning

Revolutionise blended learning at your institution

About this programme:

Leading experts share best practice in blended learning – with techniques at the cutting edge of technology-enhanced learning.

Bridges the gap between theory and practice – allowing your lecturers to deliver effective teaching and learning.

Focuses not only on teaching and learning – participants can also find information on approaches to student assessment and to evaluation of blended courses.

With a variety of courses to choose from – the programme contains material for lecturers at the start of their careers, to those who are already experienced in delivering blended learning.
