

# SIS changes to eFundi site info

With the changes from SIS to eFundi, No Courselinking, Adding Participants or Renaming will be performed on the eFundi site. Lecturers will need to follow the link on eFundi site for Verifying modules.

eFundi will automatically course link the modules to the lecturer and module sites will be created automatically.

The module site will be named with the module code and year. There will be sections or rosters under each module site.

1 Click on the module site.

## 2 Click on "Site info"

The screenshot displays a course management interface. On the left is a navigation menu with the following items: Overview (selected), Lessons, Discussions, Assignments, Tests & Quizzes, Statistics, Site Info (highlighted with an orange circle), Contact Us, Gradebook, and Help. The main content area is titled 'OVERVIEW' and shows the course title 'Foundation Mathematics For Commerce li'. An 'Edit' button is visible in the top right corner of the main content area.

For Modules with the same module site but different roster, the modules can be merged. E.g MTHS 129 TRN\_001, MTHS 129 TRN\_002. The sites can be merged :Site Info -edit class roster -add roster-select anyway-continue.

3

The new site title will show as module code and year.  
Example of old title MTHS 129 1-1 M 2024, new title as MTHS 129-2024.

All campuses will have the same site titles, the roster will determine which campus it is for.

When merging sites, the steps will remain the same but be aware that when you add your roster to the new site, the old site will no longer have access to the roster as **only one roster can be active on a site at any given time.**
