Date and time:

The semester test will be written on Wednesday 19 April 2023 from 08:00 to 09:30 (1½ hours time). There are a total of 45 marks.

General info:

It will be a sit-down paper. Each question will be in Afrikaans and in English and you can answer in any of the two languages. A space is provided directly below each question where you can answer that question. Answer the questions in a black or blue pen only. No red pens or pencils will be allowed.

The periodic table and solubility table are provided to you as part of the paper (at the back of the paper). Please bring a pen and calculator with you. No calculators will be supplied. The calculator on your smartphone is also **NOT** allowed.

The venues where you will write the test are not available yet. I will supply you with that info as soon as it is available to me.

Good luck!!

Dr. Colin
